W.A. SOCCER FOOTBALL MAIL

Souvenir Programme

Thursday, 17th August, 1950

WELCOME TO THE AUSTRALIAN TOURING XI

The Board of Control of the W.A.S.F.A., and the Association generally, extends a very hearty "Welcome Home" to the Australian Touring Team and the joint managers, Messrs. Barwick and Johnstone, upon their return from South Africa. In doing this we are taking advantage of our geographical position which makes Fremantle their first port of call in Australia, and W.A. the first State to bid them welcome and to see the successful team in action. We venture to say that in no State will the welcome be more sincere and cordial than here.

Not only do we welcome you, boys; but we also congratulate you most heartily on the success of your tour and the excellent impression you have undoubtedly made in South Africa. We have followed your itinerary with keen interest, and have been delighted to find that you have won twice as many games as you have lost. Naturally we were proud to note that you shared the honours with the Union Team in the Test Matches; losing the first two by narrow margins and then winning the last two. Your improvement as shown in these results suggests that, if there had been a fifth Test Match, you would probably have carried home the "Ashes." However, knowing something of the high standard of soccer as played in South Africa, we are proud of you for having achieved greater success than many of your critics thought possible.

Not only have you "played the game" on the field, and played it well, but also, by the popularity gained by

your true sportsmanship and good conduct both on and off the field, you have been worthy representatives of Australia to a sister colony of the British Empire, and have played no small part in promoting and encouraging friendly relations between Australia and South Africa. For this all true Australians, whether keenly interested in soccer or not, are grateful to you.

We are convinced that the success of your tour will have a beneficial effect upon soccer in Australia. In the first place it will increase the interest of Australians generally in this game which some of us love and which you have played so well. Secondly, it will tend to improve the standard of play throughout the Commonwealth. No doubt you members of the Team have become generally attached to one another, and have formed friendships which will never be broken. But your team must be broken. You will return to your respective States and your particular clubs; but you will take with you much that you have gained through your experiences with a Touring Team in another country. Your Clubs should be the better, and their standard of play the higher, because they, lent you for a season to gain new experience and to bring honour to Australia.

Again we bid you welcome home, and keenly anticipate the pleasure of seeing you on the field opposed to the best players the W.A.S.F.A. can produce.

JOSEPH GREEN.
 Chairman, Board of Control.

OUR VISITORS

By the Editor

It is regretted that brief sketches of the playing careers of the Touring Team members were not available in time for publication in this programme. However the team's record of performances in South Africa clearly demonstrates that all players are much above the ordinary standard and it is a great pleasure, both from a spectator's and playing point of view that opportunity has been presented to W.A. Soccer followers to witness our Ambassadors of Australian soccer in action against our State Select team. The touring team has done just exactly what every interested soccer follower required, i.e., placed Australian soccer on a high plane which will demand attention from all other soccer countries and be the means of bringing many interesting visitors to Australia. The skill of our visitors in now well known and the fact that at least two members of the team have been subject of offers from a British professional team is a clear indication that the players are of world top class. To Messrs. D. Johnstone and H. G. H. Barwick, managers, and every player we offer congratulations on a job well done and we all look forward with delight and in anticipation of a display of soccer seldom seen in W.A. No doubt the absence of a fifth and decisive Test Match in South Africa denied our team from bringing home the major

honours. On the team's form in the third and fourth Tests it is justifiable to assume that the Ashes would now be in Australia. By interesting ourselves in the tour throughout we have become acquainted with mostly all players' qualifications and our chosen XI. will be set a "Test." To expect to score a victory would be very optimistic but the composition of our team is considered to be of sufficient strength to provide spectators with a most interesting game, and, it is hoped, show W.A. in a good light in the eyes of the other States. It is also very pleasing to know that our Board of Control have been able to stage this match in surroundings suitable to the occasion, and now all that remains is patience to await the referee's signal to kick off and when he does we all hope that it will be in the presence of a large attendance. It is unfortunate that a week-day is necessary for the match and such being the case the attendance will, of course, be restricted, but nevertheless a warm reception awaits a very successful representative Australian team and no doubt their short stay in W.A. will be a happy one and their display on our field a delight to us all and in addition most instructive.

What one thinks of himself doesn't count—unless you can prove it. Our representative team has done just that.

W.C. Military Band under the baton of W.O. James (conductor) will render selections during the afternoon. (By kind permission of G.O.C., Major-General J. S. Whitelaw).

Any alterations in the composition of the teams will be announced over the broadcasting system.

A team from H.M.A.S. Australia will take the field against a selected Services' XI prior to the main match.

Additional requirements of Souvenir Programmes may be had on application to N. J. Dixon, 33 High Street, Fremantle. L 1367.

:: WEDDINGS A SPECIALTY ::

PARS ON W.A.'S SELECTED SIXTEEN PLAYERS

S. McGOVERN. Caledonian last line of defence. Receives his second "cap," having held the fort against the Yugoslavs last year. A popular choice and an able keeper.

D. MONTEATH. From Balmoral Rangers and in his first season as a senior. Don, by virtue of his brilliant exhibitions of goalkeeping throughout the season has made a rapid rise to fame. Is the baby of the team at 18 years of age.

J. THOMPSON. Perth City. Has gained many honours. A resolute defender possessing a fine turn of speed, coupled with good recovery work. Hard to beat.

R. CHERRY. Tried and trusted previously with Thompson as partner. Cool and a solid tackler and kicks cleanly with either foot. A bulwark at centre half in Shenton Park Ranger's team.

G. C. NASH. From South Perth. A dashing type of full back with splendid positional play. Wingers do not get much scope when Gordon is around.

R. ADAIR. From Victoria Park. A grand ball worker with unlimited stamina. Versatility personified. Equally at home as a back, half-back or as a forward.

J. GRANT. Typical Scottish half back. Constructive ability is his hall mark. A tireless worker and also strong in defence. Has been prominent throughout the season with Perth City.

D. ELWARD. From Caledonians. Diminutive in stature, but a "breaker-up" consistently and a ninety minutes player. Recently promoted from Junior ranks and has also gained recognition quickly.

F. McSHANE. Also from South Perth. Tenacious and as hard as a nugget. A utility player who takes an immensity of beating. Should be able to match his opposition

S. JOHNSTONE. A dominating figure on the field. Scrupulously clean and effective as a half back. Responsible for much of South Perth's success this season. Will ease strain on W.A.'s goal area and instigator of attacks.

E. HUGHES. From Balmoral Rangers, although perhaps better known as an East Claremont player for several seasons. Probably the fittest man in the team. He is equally at home as a winger or centre forward. Not new to honours.

P. MacRAE. Another recently promoted Junior to Caledonian. A forceful inside forward with good ball control. Does not miss much in the air. Prominent throughout season with Caledonian. Just celebrated his 19th birthday.

A. ROBERTSON. North Perth representative. A player with a background. Saw service with Dundee Utd. and captained that clever naval combination. "Canaries" while in W.A. A "general" who knows the way to goal and the values of a shot.

A. BEALE. Spearwood's dashing leader. Has great speed on the ball. Alan can capitalise on the proper passes. Still young but well known to all soccerites by reason of his numerous "caps." Spearwood's goal-getter.

J. SMETHURST. Needs no introduction. Well known in N.S.W. as a prominent player during the war. Has the happy knack of spreading eagling defences and packs a terrific shot in either boot. Takes a deal of watching.

H. R. NORMAN. Like Adair is another Vic. Park stalwart. In his first season in W.A. coming direct from London where he played in amateur league football. Is a "nice" winger and should be able to

A. F. CRAIGIE. Manager. Has given considerable service to W.A. soccer as a player, referee, and legislator. Is at present Vice-Chairman of the Board of Control and has just been presented with the Life Membership medal of the W.A. Referee's Association. Service acknowledged by this appointment.

A. DIXON. Trainer. Has Victoria Park team in good fettle. Was a player of no mean ability until an injury compelled him to "hang up his boots." Is an authority on P.T. and has much experience in "mending bellows." A good choice.

The W.A. team is composed of youth and experience and if "nerves" are not on show the side should give a good account of itself, and while to anticipate victory would be most optimistic, the team as it appears on paper seems to contain a blend that would provide good opposition to the Tourists and thereby provide excellent entertainment throughout the match. It is unfortunate that a Saturday match was not possible as many thousands who would attend on that day will find it impossible to do so on a Thursday. However the s.s. "Arawa's" movements will be eagerly watched with the hope that delay in arriving at Fremantle will be the outcome and so satisfy the wish of all soccer fans in W.A.
